## EARTHQUAKE DEVASTATION

LOSS OF LIFE AND DAMAGE  
GREATER THAN REPORTED.

Heavy Shocks Continued on West Coast of Mexico Until Yesterday Morning—News From Stricken City is Meagre.

City of Mexico, April 16.—Heavy earthquake shocks continue on the west coast until four this morning. Late news from the area of the greatest destruction in the recent earthquake shows devastation greater than at first supposed. Besides the destruction of Chilpancingo and Chilapa it is now reported Tlaxila, between the two cities above named and containing about the same population as Chilpancingo, was also leveled to the ground.

Messengers from the coast who have reached Chilpancingo say the towns of Ayutla and Ometepeque have been wiped off the map. Ayutla is fifty miles south of Chilpancingo in Guerrero and twenty miles west of the port of Acapulco. The population of Ayutla is small and it is thought the loss of life is insignificant. Ometepeque is a town of 4,000 and it is feared the loss of life here is heavier than at Ayutla.

Thapa, a town eighty miles west of Chilpancingo, is also reported wiped out. A report from Chilpancingo says the whole west coast from Acapulco south to Salina Cruz has been badly damaged. Owing to the remoteness of these points and to the fact wire and mail communication is very poor, news from the stricken district comes very slowly.

The federal telegraph company to day gave the Associated Press the only wire working to Chilpancingo. The operator there knew nothing beyond the fact he had seen about a dozen dead bodies and there were some thirty wounded.

A dispatch from the bishop of Chalapa confirms the report of total destruction wrought in that immediate neighborhood. Fourteen are reported killed in one house and the number of wounded is given as thirty-nine. In Tlaxila, it is reported, twelve dead bodies have been taken out of ruins and twice that number of persons wounded.

Up to four o'clock this morning the shocks continued with more or less severity in the vicinity of Chilpancingo, completing the work of destruction and destroying many of the most important public buildings of the city. The new municipal palace which was erected in place of its predecessor, which was leveled by an earthquake four years ago, was almost destroyed by these last shocks. Hospitals, schools and the jail are in ruins. Up to this time total deaths reported is thirty-eight and wounded ninety-three, but in view of later reports it is thought these figures will fall far short of the real number of fatalities.

It is reported Acapulco is partly submerged from great waves which dashed over the break waters. Although no breath of wind was stirring the night of the first shock, the sea was lashed into a fury and as the shocks continued the harbor took on the appearance of a typhoon swept ocean. Communication by rail to the port of Vera Cruz is entirely cut off owing to the sinking of tracks.

### PAYS BET WITH HIS LIFE.

Chicago, April 16.—Tony Davoney, 28 years old, bet his life as well as \$5 on a horse race Monday and the horse lost. Davoney paid the \$5 and attempted to end his life by shooting himself.

Standing in the middle of the Adams street bridge, while hundreds of suburbanites were hurrying to catch trains after the theatres, Davoney fired into his right ear a shot that physicians at the county hospital say will prove fatal.

On two betting slips found in his pockets he had written the story of his downfall. There was in his pocket also a letter to his friends thanking them for their efforts to reform him from his gambling habits and asking them to notify his wife of his death and ask her forgiveness. On the back of one of the betting slips was written:

"This is my downfall, and I wish my friends to learn a lesson from this ticket. It will get them all in the end."

### COLD STOPS WORK.

Chippewa Falls, Wis., April 16.—Almost all log drivers of northern Wisconsin are idle on account of cold weather which is forming new ice on streams.

### DRANK CHLOROPHORM.

Janesville, Wis., April 16.—William Willey of Minneapolis, despondent over the death of his wife, probably will die from the effects of chloroform he drank to day.

## CITY ELECTIONS

Democrats Elect Mayors in Bloomington and Peoria—Results in Other Cities of State.

Chicago, April 16.—Municipal elections were held to day throughout Illinois. At Aurora, E. C. Finch, the People's Independent party candidate, was victorious. Peoria elected Thomas O'Connor, Democrat.

A division in the Republican ranks by the presence of independent movements proved profitable to Democrats at Bloomington and the normal plurality of that city was completely reversed. Edward Holland, the Democratic nominee, was elected mayor.

At Freeport. Freeport, Ill., April 16.—The Democrats elected a majority of the city officers to day. C. J. Dittmar being chosen mayor for a third term.

At Joliet. Joliet, Ill., April 16.—Democrats won the municipal election to day. John B. Cronin was elected mayor.

At Springfield. Springfield, Ill., April 16.—The Democratic ticket headed by Mayor Foley, was elected here to day.

## GATHERING OF PEACE MAKERS

MANY SPEECHES MADE AT YESTERDAY'S CONFERENCE.

Thousands of Young People Gathered at Meeting in Carnegie Hall—Tribute Paid to Roosevelt by Foreign Speaker.

New York, April 16.—John Barrett minister to Columbia, spoke at the peace meeting at the Hotel Astor this afternoon, when the "Commercial and Industrial Aspects of the Peace Movement" were considered.

James W. Van Cleave spoke on the "Importance of Peace to Industry."

Former governor of New Hampshire, Nashum J. Bachelder, who is now master of the national grange, delivered a brief address.

Five thousand young people responded to the invitation to the "Young People's meeting" at Carnegie hall this afternoon. Dr. Nathan C. Shaeffer, state superintendent of public instruction of Pennsylvania, spoke on "Teaching Peace Ideals."

Dr. James J. Walsh, of St. John's college, discussed the "Struggle for Life and Peace."

Prof. Henry Turner Bailey, agent of the state board of education for the promotion of industrial drawing of Massachusetts, spoke on "The Peace Movement and the Arts."

Semiorita Huldobro spoke on "The Christ of the Ages."

Baron D'Estournelles de Constant also spoke at this meeting. He advised young people to learn foreign languages in order to prevent misunderstandings with people of other countries which are arising from ignorance, he said, lead to war and catastrophe.

He also spoke of a visit to the white house where he became acquainted with the president's family, of whom he spoke in terms of the warmest praise.

He also paid tribute to Roosevelt both as president and as he appears surrounded by his devoted friends and his family.

That intelligence, knowledge and culture are things which universities can contribute to the cause of universal peace was the consensus of the opinion of college presidents.

A half dozen college presidents, including representatives of Oxford and Cambridge, spoke in the interest of the movement and showed college men what they could and universal peace and the emancipation of Christendom from the curse of war.

While the Carnegie hall meeting was in progress another largely attended peace meeting was being held in Cooper Union. This gathering was representatives of organized labor. The speakers including Terence V. Powderly who among other things said:

"It is fitting that labor's voice should be raised for peace. How shall it come about? I think labor and capital have provided the way. It was not dreamed a few years ago that labor and capital would shake hands. To day we may clasp hands and be friends; and this has come through the leadership of Samuel Gompers."

Gompers, president of the American Federation of Labor, who followed, said in part:

"It takes more courage to day to engage in the silent, patient sacrifices of life than it does to go into the carnage of war. To day, thank God, the white flag no longer indicates a yellow stream and it requires courage for a man to say 'peace' instead of 'war'. Now it's written down that the man who fights goes forth to murder. Any one counting that disarms alone will be wiped off the map. But we hope American conscience will demand that our delegates to the next Hague conference shall stand, if not for disarmament, for no greater expansion in armaments."

ANCIENT LAND GRANTS VOID.

Mayking, Ky., April 16.—The old Virginia land grant case met defeat in the circuit court at Whitesburg yesterday, when Judge Lewis rendered a decision dismissing the suit. Five hundred thousand acres of eastern Kentucky lands, valued at several million dollars, were involved. The suit has been pending for months.

Several times bloodshed was narrowly averted, owing to the intense bitter feeling toward the attorneys representing the old grants. The contestants, who are eastern capitalists, obtained the land under grants from Virginia before Kentucky was admitted to the union.

FIRE BEYOND CONTROL.

Deadwood, S. D., April 16.—Fire at the Homestead mine which has been burning for two weeks, is reported to day beyond control. Rocks surrounding the flames are now so hot it is impossible for men to get through the cave to fight the fire.

## PUBLIC DECEIVED

Secretary Wilson Threatens to Expose Manufacturers of Food and Drugs—His Statement.

Washington, April 16.—"If" this outrageous misrepresentation does not cease the department will publish a list bearing the names of manufacturers who are indulging in this campaign of deception."

This remark was uttered by Secretary Wilson in an authorized statement to day and was brought forth by the fact that there had come to his knowledge information that a number of manufacturers of foods and drugs were freely advertising that the United States government was guaranteeing their products.

The secretary said the serial number and guaranty required by the pure food and drug act to be placed on food and drug products were being used by these manufacturers for this purpose.

"The serial number," said Wilson, "is assigned to fix the responsibility where it belongs, upon manufacturers—and to protect innocent dealers who have a right under the law to rely upon his guaranty. It is the guaranty of the manufacturer, not of the government."

BOLD ROBBERY

Express Clerk at St. Paul Held Up and Office Robbed of Package Containing \$25,000.

St. Paul, Minn., April 16.—One of the boldest and most successful robberies perpetrated in this city for many years occurred to night, when a clerk in the union depot office of the Northern Express company was held up at the point of a pistol, compelled to open the safe and deliver a package containing \$25,000 in currency, with which the robber escaped.

About 10:30 a young man believed to have been a pal of the robber, called at the express office and by some pretext managed to get one of the clerks out of the office for a short time.

Fred Zimmerman, the other clerk, soon afterward found himself confronted by a masked robber, who pointed a pistol at his head and ordered him to hold up his hands.

The robber then took from him a revolver and commanded Zimmerman to open the safe. The clerk obeyed without hesitation. The bandit ordered Zimmerman to hand out a package of currency which was to go to Duluth on the midnight train.

Zimmerman handed out the envelope, which the robber thrust into his coat pocket and escaped. The second clerk returned about this time and the alarm was given, but no trace of the robbers was found.

ON TRAIL OF MARVIN ROY.

Detectives Are About Ready to Close Trap on Kidnappers.

Dover, Del., April 16.—Again revived in hopes of seeing his boy, Horace, who was stolen March 4, Dr. Marvin remained at one of the Dover hotels last night awaiting developments from Bridgeport, Conn., or some other town in that state.

The hope of the doctor is based on a well authenticated message received here to the effect that the child and its abductor were trapped. The message from Bridgeport reads as follows:

"Got son and abductors nearly in trap. Send up detectives."

"Percy A. Darling."

Darling is a reputable detective of Boston, who, with several other police officers, were hot on the trail of a boy and man having him in custody.

Dr. Marvin returned late last evening from Philadelphia, where he had been hastily summoned by the Pinkerton detectives.

PLACED UNDER ARREST.

Chicago Official Accused of Soliciting and Accepting a Bribe.

Chicago, April 16.—Perry L. Hedrick, chief city sanitary inspector of the department of health, was arrested to day on charges of soliciting and accepting a bribe. It is alleged \$200 paid him by George A. Beckway, an inventor, was found in his pocket when he was arrested. Hedrick was released on \$10,000 bonds to night.

According to the charges made against Hedrick, he agreed with Mr. Beckway that upon payment of the money he would recommend Beckway's invention to the health department. Hedrick has been inspector several years.

TAFT AND PARTY.

Caguas, Porto Rico, April 16.—Secretary Taft and party stopped here this morning on the way from San Juan to Ponce. The city was decorated with American and Spanish flags and a large crowd from the surrounding country gave the secretary a cordial greeting.

## LOST OUT IN HER OWN STATE

NEW YORK FAILED TO ENDORSE MRS. M'CLEAN.

Fight for President General of Daughters of American Revolution Begun—Hissed in Yesterday's Meeting of the Congress.

Washington, April 16.—After being hissed in to day's meeting of the Continental Congress of Daughters of the American Revolution, Mrs. Donald McLean, president general of the society, to night failed to secure the endorsement of her home state of New York for re-election. Despite expectation of a battle royal over the proposal to endorse her candidacy, the question was not brought before the meeting.

After a spirited contest Mrs. Charles Terry, Brooklyn, was elected vice president general for New York state over Mrs. James Gleiswald Wentz of New York city. Mrs. Terry is a supporter of Mrs. McLean.

Other state delegations to night elected officers, but the chief interest centered in the New York meeting. During the controversy in to day's sessions from Mrs. McLean and Mrs. Davis, treasurer general, when the latter asked for more time in which to submit her report, many delegates hissed Mrs. McLean when she remarked the treasurer general's report "seemed to be up in the air."

The name of Mrs. Ellen Washington Howard, of Alexandria, Va., a great niece of George Washington, was announced by "Insurgent" leaders to night and probably will be presented Thursday as candidate for president general.

Among the state delegations electing officers were:

Illinois—Mrs. Charles V. Hitchcock, state regent.

Michigan—Mrs. James A. Brayton, Grand Rapids, state regent.

PATIENT SHOTS PHYSICIAN.

Prominent Fort Wayne Doctor Called to Door and Shot.

Fort Wayne, Ind., April 16.—Dr. Lyman P. Rawls was shot four times, probably fatally, while in the doorway of his home near Huntersport, last night. His wife answered a knock at the door and a wildly excited man asked for Dr. Rawls. When Rawls opened the door, he saw a man pointing a revolver at him. He tried to shut the door, when four shots were fired in quick succession. As he fell into his wife's arms, he gasped: "August Benford shot me."

Benford, who is a Spanish-American war veteran, and said to be feeble minded, was found later with a self-inflicted bullet wound in his head. He will probably die. Dr. Rawls had been treating Benford.

Dr. Rawls was resting comfortably at last reports. Five bullet wounds were found early this morning. One in the groin, not dressed last night, is the most serious. He diagnoses his own case and says no vital organs have been punctured.

MORE DISCLOSURES

Chicago Police Inspector Tells of Police Contributing to Democratic Campaign Fund.

Chicago, April 16.—Further disclosures were made to day to the Civil Service commission who are investigating the alleged debauching of the Chicago police department by former Chief Police Collins, in an effort to bring about former Mayor Dunne's re-election. Police Inspector Wheeler went before the commission to day and told about receiving an order from Collins to have men under his charge subscribe to a campaign fund in the interest of Dunne. The inspector declared that while opposed to such an assessment being made, still felt at the time he should obey orders and that he and his men had paid into the campaign fund over \$2,000 and that he had been criticized by his chief because the collection was so small.

States Attorney Healey has already begun consideration of evidence taken by the board. He has not yet decided upon the course he will pursue. The next grand jury will be sworn in Monday and any steps looking to indictment of police officials accused will probably be taken up.

TRIAL OF BANKER.

Mason City, Iowa, April 16.—The trial of J. V. D. Barlow, formerly a banker of Thornton, Iowa, was begun to day. Barlow was indicted on two counts alleging fraudulent banking and embezzlement. Creditors claim \$50,000 is involved. G. E. Ehlers, assistant cashier of the defunct institution, is also implicated. The bank closed in May, 1906.

## BRYAN HONORED

Chief Attraction at Annual Dinner of Brooklyn Democratic Club.

New York, April 16.—With William Jennings Bryan as the chief attraction, the Democracy of Brooklyn to night in observance of the anniversary of the birth of Thomas Jefferson engaged in an enthusiastic Democratic reunion and demonstration. The function was the annual dinner of the Brooklyn Democratic club, Bryan, who concluding a day of vigorous action which embraced four public addresses, was given a splendid reception, and delivered a characteristic discourse, taking for his subject "Thomas Jefferson."

In extending a welcome to the guests Edward M. Shepherd paid a tribute to Bryan, whom he welcomed with words that the Brooklyn Democratic club then and there "declared its strong and loyal hope that Bryan would lead the party in 1908."

Williams, of Massachusetts, discussed government ownership of railroads. He said: "I see no escape from the conclusion that if government ownership is right, it should be adopted now. If regulation is wrong it should not be attempted at all." But Williams believed regulation was not right, not possible and not expedient.

Speeches were made by several prominent Democrats, nearly all of whom urged Bryan as the Democratic candidate in 1908.

ITALIANS FIGHT DUEL.

Quarrel Over Girl and Both Now Dead.

New York, April 16.—After a quarrel over a girl to whom both were paying attention, two Italians fought a duel with revolvers in Ozone park, Long Island, to day as a result of which one, Buon Plaudino, was instantly killed. Vincenzo Clea, the other duelist, was found hiding in a closet in the home of his victim. As the police burst in the closet door Clea shot and killed himself.

HURRYING TO BEDSIDE.

Boston, Mass., April 16.—Having received word the illness of her son-in-law, Joseph Chamberlain, continued serious, Mrs. W. C. Bidcott, widow of the former secretary of war, accompanied by her son, William C. Bidcott, and his wife, sailed for Liverpool to day on the steamer Saxonia. The party is hurrying to Chamberlain's bedside.

X-TREASURER WAS SHORT

Testifying in Case Against His Successor Admits Shortage.

Evansville, Ind., April 16.—When testifying for the state in the trial of former County Treasurer John P. Walker, Phillip Wier, who was treasurer for four years immediately preceding Walker, admitted that he was \$10,800 short when he turned the office over to Walker on January 1, 1904.

The question originated over the statement made by Wier that in settling with Walker he paid to the latter \$12,000 in cash, representing actual money in the safe of the treasurer's office on January 1, 1904.

Attorney Spenser, for the defense, drew from Wier the admission that he had bought a house with county money for \$5,250; loaned Walker \$1,500 on a note; loaned him \$3,000 in memorandum for campaign expenses and then when he turned the treasurer's office over to Walker turned in the deed for his house, the notes and the memorandum as cash, and county expenses amounting to \$10,800.

DEFENDS WOMAN'S CLUBS.

Salt Lake City, Utah, April 16.—Governor Cutler, delivering an address of welcome at the triennial convention of the Ladies of the Macabees to day, warmly defended women's clubs and societies as being great promoters of social and intellectual development.

AMERICAN ASSOCIATION.

Columbus, Ohio, April 16.—The American Association baseball will open to morrow with Milwaukee playing at Columbus; St. Paul at Toledo; Minneapolis at Indianapolis; Kansas City at Louisville.

COREY TO BE MARRIED.

New York, April 16.—The Herald to morrow will say: "William Ellis Corey, president of the United States Steel corporation, and Mabelle Gillman will be married in this city May 7th, if present plans are not changed." Corey cannot be found to confirm or deny the story.

DEATHS.

Ypsilanti, Mich., April 16.—Prof. C. F. R. Bellows, founder of the Central State Normal school at Mount Pleasant, Mich., and for 24 years professor of mathematics at the State Normal college, Ypsilanti, is dead, aged 74.

GIVEN LONG SENTENCE.

St. Louis, April 16.—Robert Smith was to day convicted of having attacked Beulah Libbard, a 14-year-old girl, and was sentenced to ninety-nine years in the penitentiary.

## PUBLICATION OF CONTRIBUTIONS

RESOLUTION CAUSED LIVELY DISCUSSION.

Introduced at Meeting of Publicity Law Organization by Member of Democratic National Committee—No Action Taken.

New York, April 16.—A resolution intended to secure publication of contributions made to Republican and Democratic committees at the last national campaign was offered to day at a special meeting of the National Publicity Law organization. It was entirely unexpected and caused a lively discussion. The resolution, which was offered by Alexander Troup of Connecticut, member of the Democratic national committee, requested the chairman and treasurer of the two great parties who served at the last national campaign, to make public a comprehensive statement as to how campaign funds were raised. The attitude of President Roosevelt on campaign contributions was brought into the discussion by Mr. Troup's insistence that the president should favor throwing open the books of the last campaign, as well as those of the coming national contest.

Troup's attempt to secure immediate action on his resolution failed and his motion was referred to the executive committee.

William J. Bryan, the principal speaker at today's meeting, urged the passage of a law by congress providing for public declaration, both by the donor and recipient, of all campaign offerings. He wanted all violations of this law made punishable as criminal offenses. By this means alone, he held, secret contributions given for a sinister purpose will be stamped out and a great hindrance to honest politics be overthrown.

Other speakers were Samuel Gompers, president of the American Federation of Labor, and Gov. Edwin Warfield of Maryland. Plans were formed for renewing efforts at the next congress for a publicity law of national scope.

## ILLINOIS NEWS ITEMS

**Veteran White Hall Editor Dead.**  
Springfield May Reinstate Collins  
Head of Schools—Interurban Depot at Carlinville—Blackburn College Will Celebrate Anniversary.

**Capt. E. J. Pearce Dead.**  
White Hall.—Cap. E. J. Pearce, for thirty years or more editor of the White Hall Republican, passed away at 6:17 o'clock p. m. Sunday in a hospital at Rochester, Minn., where he went two weeks ago to submit to a surgical operation. The operation was performed eleven days ago, and it was thought for several days that he would speedily recover, but a change for the worse took place and death followed.

One son, Ed C. Pearce, was with his father when the end came. Another son, R. B., left for Chicago Monday morning to meet the remains, which will be brought here for interment. Funeral arrangements have not been made as yet, but in all probability services will be held Wednesday afternoon.

Deceased was a member of Benevolent Lodge No. 227, I. O. O. F., and for many years had been adjutant of Culver Post, G. A. R., in this city. Funeral services will be held under the auspices of these two orders. Captain Pearce was a Pennsylvanian by birth, coming to Illinois in an early day. When the civil war broke out he enlisted as a soldier in Company G, Ninety-first Illinois Infantry, and served faithfully until the close of the war, being promoted until he became captain of his company. At the close of the war he came to White Hall and engaged in school teaching for a few years, writing insurance and dealing in real estate. He soon became proprietor of the White Hall Republican, and in 1884 established the Evening Republican, which he had successfully managed up to two months ago, when falling health compelled him to turn the business over to his sons, R. B. and F. V. Up to the present time not a single issue of his paper has missed publication, and it can be truly said that Captain Pearce, through his paper, has done as much or more for the city of White Hall than almost any other person residing in it.

After funeral services, which will be held in the M. E. church, interment will be made in White Hall cemetery.

**Holds Woman's Will Valid.**  
Medora.—A jury in the Green county probate court at Carrollton, has held the will of the late Martha E. Cameron of Greenfield, in which she bequeathed property valued at \$20,000 to Wesleyan university at Bloomington, to be valid. The heirs of the deceased were three sisters, who, receiving practically nothing, brought suit to set aside the will, charging that the deceased was incompetent and that she had been influenced by relatives. The case may be appealed to a higher court. There were many witnesses.

**May Be Collins Again.**  
Springfield.—The statement was made Monday night to the State Register that it was not unlikely that Prof. Joseph H. Collins, who was for many years city superintendent of schools, would again be appointed to that position after an interval of two years, during which time Prof. Edward Anderson has occupied the position. It was stated that Mayor-elect Griffith would appoint three members of the board of education to take the place of Messrs. W. C. Garrard, Ernest H. Helmle and R. A. Forsythe, whose terms of office expire this year, and that two of the present members of the board are favorable to the election of Prof. Collins.

**Blackburn Will Celebrate.**  
Carlinville.—The semi-centennial of Blackburn college is to be celebrated in June this year. The charter as granted by the Illinois legislature in 1857. It is one of the three most valuable college charters in Illinois. All property is exempted from taxes forever. The other two fortunate colleges are Lincoln, at Lincoln, Ill., and Northwestern at Evanston. A small number of alumni met Friday evening to lay foundations for the celebration, but decided to call a larger meeting of representative men and women of Carlinville and former students of Blackburn.

**Interurban Depot.**  
Carlinville.—The Illinois Traction system has purchased the residence and office property of Dr. U. G. Auer of Stanton and on the site will erect a combination passenger and freight depot and office rooms. The ground includes a plot 100x120 feet in size, and besides the other property named, a tenement house stands upon the ground. The station will stand near the intersection of the two divisions of the traction system and will be two stories in height. On the upper floor will be the auditor's office, rooms, roadmaster's office and reading rooms for the trainmen. The lower floor will contain ticket office, comfortable waiting rooms and modern toilet rooms. To the rear will be a freight depot, a track leading to the platform on the north, and a driveway for the reception and delivery of goods on the south. The structure will be of brick and stone foundations.

**Editor Tired of Life.**  
Danville.—F. L. Davis, proprietor and editor of the Oakwood News, which recently suspended publication, attempted suicide in his silent printing plant at Oakwood Sunday evening at 9:30 by shooting himself below the heart with a revolver. Editor

### CHAMBERLAIN'S COUGH REMEDY

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. For sale by all druggists.

### MAKING GOOD RECORD.

George Brady has received a Spokane (Wash.) paper, which speaks in complimentary terms of the work of his son-in-law, Dr. Egbert Fell, who is at the head of the state hospital for the insane at Medicine Lake. The institution has recently been inspected by the governor and trustees, and in their report they stated that the hospital was never better managed, nor in better condition.

### NOW LOOK OUT FOR RHEUMATISM.

The grip has been unusually prevalent during the past winter, and in many cases is likely to be followed by an attack of muscular rheumatism. This is the most common variety of that disease and least dangerous. There is no swelling of the joints and the pain is not so excruciating as in acute or inflammatory rheumatism. It is sufficiently severe to disable a man, however, and every movement increases the pain. Keep as quiet as possible and apply Chamberlain's Pain Balm freely with a thorough massage, and you are certain to get quick relief. This liniment is for sale by all druggists.

### THREE DOLLARS TO CHICAGO AND RETURN VIA WABASH.

Saturday morning, April 20, THE WABASH will sell round trip tickets to Chicago and return at \$3. Trains leave Wabash depot at 1:20 a. m. and 8:20 a. m., arriving Chicago 8 a. m. and 5 p. m. Returning, leave Chicago 11:30 p. m. Sunday, arriving Jacksonville 7:05 a. m. Monday. Good accommodations going and returning.

### EFFECT OF THE GRIP.

An attack of the grip seldom results fatally, but it is the indirect cause of many deaths. If it does not result in pneumonia, which is frequently the case, it leaves its victim with a cough which lingers on long after every other symptom of the disease has vanished. The system is thus left in a weakened condition and is susceptible to almost every other disease. The grip can be greatly lessened in its severity if Chamberlain's Cough Remedy is used, and any tendency toward pneumonia is promptly checked. It cures the cough and leaves the system in a natural and healthy condition. For sale by all druggists.

of today represents the combined experience, skill and thorough training of three successive generations, a 1 of whom have made in their life-time study to produce the best pianos possible; to test and apply every improvement and up to date method of manufacture.

Their name has become justly celebrated because of the fact that QUALITY goes IN before the NAME goes ON. Another most interesting fact is that by reason of their complete system of manufacture and economic business methods, the QUALITY IS LONGER than the price.

We have supplied some of the leading families of Jacksonville and vicinity with the H. & S. G. LINDEMAN recently. We invite you to call and examine those on hand.

## REPUBLICANS WON VICTORY

ELECTED MUNICIPAL TICKET—MAYOR DAVIS HAS NINETEEN PLURALITY.

Council Will be Five Republicans, Five Democrats, One Independent and One Citizens'—Board of Education, Two Republicans, One Democrat and One Citizens'.

Republicans won another victory at the polls Tuesday, when they elected their entire city ticket. The fight of the campaign, which has been spirited the past ten days, was directed against Mayor John R. Davis, but his plurality was 19 and the remainder of the city ticket was elected by the usual substantial majorities. W. M. Morrissey headed the Republican ticket with a plurality of 756. George W. Davis was a close second with 708 plurality. Widmayer led on the Democratic ticket with 1357 votes, and L. O. Vaughn got the largest vote on the Citizens' ticket, with 819 votes. Capps, candidate on the Citizens' ticket for mayor, received 641 votes.

The council will be composed of five Republicans, five Democrats, one Independent and one United Citizens' representative.

The board of education will have two Republican members, one Democratic member and one member of the United Citizens' party.

The personnel of the council will be: John Hall (R.), Michael Mc-

H. Goodrick (R.), W. J. Moore (R.) and Daniel Bahan (D.), from the Fourth ward.

The board of education will be composed of G. F. Birkenhead (R.), from the First ward; Mrs. Mary Parsons (U. C.), from the Second ward; Louis Pelpenbring (D.), from the Third ward, and J. W. Walton (R.), from the Fourth ward.

The workers in all parties carried on an aggressive fight all day Tuesday in the several precincts and a large number of women voted on the school board membership.

In several of the precincts the vote was the largest ever polled and 120 more votes were polled than ever before at a city election. The combined vote for city officers in 1905 was 3,254. The total vote yesterday was 3,374.

Despite the keen interest taken in the election no serious disturbances were reported and the various workers at the several precincts conducted their partisanship canvass free from

troubles frequently incident at election times.

It will be the fourth term for Mayor John R. Davis who has made the city a splendid chief executive and who has conducted the office in a thoroughly progressive manner. He can be depended upon to keep up the move forward spirit which has been so characteristic of him in the past and which has resulted in the general welfare of the city. It will be the third term for Mr. Morrissey who has made a first class city attorney, always careful of the people's interest. Mr. Davis as city clerk and Mr. Hildreth as treasurer both evidenced their popularity by the large vote cast for them and they will no doubt discharge their public duties to the full satisfaction of the people. The Republican members of the council and board of education are men who will be a credit to themselves and the party they represent and the Republicans can take a just pride in the results of Tuesday's contest.

**Judges Made Objection.**  
At the time of the closing of the polls in the first precinct of the second ward Atty. W. N. Hairgrove appeared and presented an order from Committeeman Craig which directed that he succeed James Hurst

during the counting of the ballots as challenger. Objection was made to Hairgrove acting for Hurst as he was not a resident of the district. Mr. Hairgrove contended that he had a right to act in the capacity of challenger and the judges called upon Capt. Kennedy of the police force for enforcement of their order. The judges then made a further request for Mr. Hairgrove to leave the polling booth but he was unwilling to do so and Capt. Kennedy was compelled to use force to remove Mr. Hairgrove. Hurst was acting as challenger for Mr. Pine.

**THE ELECTION.**  
Another municipal election is now a matter of history and the Republican ticket has been elected. The fight on Mayor Davis has been the feature of the campaign and the Democrats who are in a hopeless minority in the city of Jacksonville took advantage of the opportunity given by the United Citizens and with the help of many of those enlisted in this movement who voted with them, came within nineteen votes of defeating the head of the Republican ticket. The remainder of the Republican ticket was elected by the usual Republican majority.

The council will be composed of five Republicans, five Democrats, one Independent Democrat and one United Citizens' representative.

The time is past for differences and it is a duty that all of the men elected to office owe to the people of the city to unite in an honest effort to give Jacksonville the best municipal administration possible. Let this be the spirit that shall animate the action of members of the council and the various municipal officers and Jacksonville will continue to go forward and take its rightful place among the Greater Cities of Illinois. The fight has been fought. The victory won. Let every one accept the verdict at the polls and as citizens work together toward a common end for the common good of all.

**FISTIC ENCOUNTER.**  
A fistic encounter took place Tuesday on the north side of the square between Shelt Wright and Jake Abol. Little personal injury was done to either of the belligerents, but a window of the Star restaurant was broken, owing to its proximity to the fray, which is said to have been the outgrowth of a heated political discussion.

**WILL MOVE TO BERLIN.**

**BEGAN CAMPAIGN**

**FOR NEW STUDENTS.**

The year's campaign for new stu-  
dents at Illinois college opened Tues-  
day morning at the chapel exercises.  
Enthusiasm ran high and from the  
present indications the fall term will  
open with a hundred new students  
in the college and the academy.

President Rammelkamp opened the  
campaign by a strong and optimistic  
speech on the prospects of the  
school. Then as the representative  
of the students William T. Harmon of  
the class of '07 made a talk on the  
loyalty shown by this year's student  
body and expressed the desire of the  
students to participate in the cam-  
paign for additional pupils.

Prof. R. O. Stoops then discussed  
the healthy chances of Whipple acad-  
emy adding a big percent of new  
students in the fall. The closing  
speech was made by Rev. J. L. Wyld-  
er who showed why the students  
should throw the weight of their in-  
fluence with the management to make  
Old Illinois one of the largest as well  
as one of the best schools in the  
west.

The discussion lasted 'till noon and  
it is expected that this fall will wit-  
ness a great increase in the number  
of students on the hill.

**A SIMPLE PRESCRIPTION  
FOR STOMACH TROUBLES.**

One That Can be Mixed at Home.

More people suffer from stomach  
troubles than from any other disease;  
and when the stomach is out of gear,  
the whole system goes wrong; every-  
thing and everybody seems wrong to  
you, and you are the worst in the lot.

Here is a simple prescription that  
will tone your stomach and put it in  
condition to digest your food:

Compound tincture of Cinchona,  
one ounce; Prose Compound, one  
ounce, and Sherry Wine, half pint;  
mix together and take one teaspoon-  
ful before meals and at bed time in a  
wine glass full of water.

This prescription can be put up by  
any druggist.

The Prose Compound in this pre-  
scription is a compound of digestive  
ferments and the best vegetable ton-  
ics known to medical science; they  
increase the secretions of the gastric  
juices and increase their digestive  
power.

We advise you if you are troubled  
with your stomach you get this pre-  
scription filled at your drug store  
and give it a trial.

No team in the Three-I league can  
boast of as many left handed hitters  
as Deatur. Eight of the fourteen  
men now reported swing from the off  
side of the plate. They are Adolph,  
Gfroerer, Schreiber, Tennant, Long,  
Jeffries, Keyes and Bomar. Eddie  
Parsons will make still another when  
he arrives. It's a cinch that all the  
towns in the league will save up their  
left handed pitchers for the Deatur  
bunch.

Rock Island defeated Burlington,  
winners of the Iowa State league pen-

## RAILROAD NEWS NOTES

Alton Freight Engine in Ditch in  
Local Yards—Honor to Wabash  
Veteran—Workmen on Murrayville  
Cut-off Taken to Bloomington—  
Items of Interest.

Engine No. 427, hauling the sec-  
ond section of freight train No. 83  
on the Alton nearly turned turtle  
in the local yards about 12:30 Tues-  
day afternoon. Engineer M. H. Fox  
and Fireman R. E. Francis narrowly  
escaped unhurt. The train, under  
Conductor George Brown, was lay-  
ing out four cars in the yards and  
at the time of the accident was work-  
ing on the business track between  
East State street and College avenue.  
A defective deraill is given as the  
cause of the mishap. A brakeman  
had closed the deraill, but on account  
of a sprung bar it failed to operate  
perfectly and when the engine went  
on southward it went through the  
open switch and careened over the  
embankment and struck the ice house  
belonging to the Snyder Fuel & Ice  
Co. Both the engineer and fireman  
leaped from their seats and the fact  
that the ice house stopped the en-  
gine from heeling clear over is prob-  
ably all that saved the life of Fire-  
man Francis.

The wrecker at Bloomington was  
at once sent for and, getting the word  
at 1 o'clock, was on the road at 1:17  
and had reached this city by 4:15.

Conductor C. W. Jones was in  
charge of the wrecking train, with  
Fred Geller engineer, and William  
Calloway wrecking boss, all of  
Bloomington.

The wrecking gang at once set to  
work righting the engine, which was  
a considerable undertaking, consid-  
ering the fact that the locomotive  
weighs 115 tons and is of the type  
known as the "hog." The impact of  
the engine against the ice house  
knocked it a little out of plumb, but  
otherwise the structure suffered but  
slight damage.

As the track was torn up by the  
wreck, ties were laid under the en-  
gine and a new track built under it  
in order to haul it away. The en-  
gine will be taken to the Bloomington  
shops for repairs.

Mr. and Mrs. T. Rice Smith and  
Miss Ida Platt of the local Wabash  
passenger station returned late Mon-  
day night from the reception tend-  
ered George Hough, the veteran Wa-  
bash conductor, in honor of the fifti-  
eth anniversary of his employment  
on the road. Mr. Hough is the oldest  
conductor on the system and the Odd  
Fellows of Pittsfield, together with  
the Wabash management, planned  
the celebration of the event. In all  
about 300 guests were present at the  
Opera house of Clayton, the home of  
Mr. Hough, where the anniversary  
was observed. A special train was  
run to Clayton from Kookuk for the  
benefit of Wabash employees and one  
from Decatur. Delegations from De-  
catur, Springfield, Bluffs, Quincy,  
Keokuk, Jacksonville and other  
points along the line took advantage  
of these specials. At 6 o'clock in  
the evening a banquet was served  
and a deal of post-prandial speech  
followed. The sentiments expressed  
where all of a congratulatory nature  
to the veteran in whose honor the  
celebration was given. C. E. Brown,  
superintendent of the Springfield di-  
vision, was among the speakers.

J. E. Moore of Carlinville was in  
the city Tuesday visiting his friend,  
M. E. Connelly of the C. & A. passen-  
ger station.

Reports from St. Louis say that  
J. P. Wright, paymaster for the Wa-  
bash and one of the best known offi-  
cials of the road, is a nervous wreck  
and that he probably never will be a  
well man again. Mr. Wright has  
suffered from nervous troubles for  
years. Two months ago he broke  
down and was confined to his bed.  
Then he rallied sufficiently to do the  
March paying himself. Immediately  
on his return from this trip over the  
system he was taken down and has  
grown steadily worse. The report  
that Mr. Wright is rapidly failing  
will be received with regret by his  
many friends along the line of the  
Wabash.

A large gang of Italians which  
had been working in the vicinity of  
Murrayville was brought to Bloom-  
ington Sunday night and sent south  
in their bunk cars to Lawndale on  
the local yesterday morning. They  
will work for some time in getting  
the double track south shaped up,  
putting in ties and doing other nec-  
essary work.

agent on the C. & A. with headquar-  
ters in Peoria, called on local railroad

## REVIVAL AT CENTRALIA.

Rev. T. H. Marsh has returned  
from Centralia, where he has been  
holding evangelistic services for the  
past two weeks in the First Baptist  
church. The choir of each church of  
the city united in the song service,  
which was under the direction of  
Luther E. Smith, and proved of much  
help in the meetings, which were very  
successful and among the converts  
were many prominent citizens of that  
place.

Mr. and Mrs. F. J. Kunst of New  
Berlin and Miss Nellie Gray of Alex-  
ander were among the Tuesday shop-  
pers in the city.

## Chicago Grain Markets.

(By Associated Press.)

Chicago, April 16. Wheat. Rain  
and snow in Kansas caused general  
selling and brought about a decline of  
about a cent. Reports of rain and  
snow in the southwest came from pri-  
vate sources and were not confirmed  
by the weather bureau; nevertheless,  
traders placed confidence in them  
and sold freely all day. Other sell-  
ing influences at the opening were  
easy cables and liberal northwestern  
receipts. According to a local crop  
expert, just returned from the south-  
west, many reports of damage by the  
green bug were greatly exaggerated.  
This stimulated the selling movement  
the latter part of the day. Offerings  
came chiefly from long, and shorts  
were the best buyers. The close was  
weak; May down 1/4c.

Corn.—The market was weak be-  
cause of the probability of improved  
weather conditions and resumption of  
farm work. Increased local receipts  
and the decline in wheat were addi-  
tional bearish influences. The longs  
were the best sellers. The close,  
which was weak, showed May off  
1/4c.

Oats.—Sentiment was bearish be-  
cause of the weakness in wheat. Pre-  
dictions of a warm, dry weather con-  
tributed considerable selling. Trading  
was chiefly in July and September.  
May closed down 1/4c.

## Chicago Livestock Markets.

Chicago, April 16.—Cattle.—The  
greater portion of to day's receipts  
was cow stuff. Steers were scarce  
and in strong demand. Prices were  
steady and the trade fairly active.

Hogs.—Shippers were active in  
their demands, especially for light  
grades. Prices were fully 1c higher.  
The quality was not very good.  
Packers held off, not being willing to  
pay more than 5c advance.

Sheep.—Sheep and lambs were  
scarcely active and all the better  
sorts of wool grades sold readily.

### DEATH RECORD

Jordan.  
Isaac L. Jordan, who resides 5 miles northeast of the city, died at the family residence Tuesday morning at 4:20 o'clock at the age of 70 years.

The deceased was born in this city December 10, 1837, and has always made this county his home. He was a member of the Berea Christian church, having joined in 1873.

He was married to Mary S. Smith of Memphis, Mo., October 23, 1873, and is survived by his wife and one daughter, Mrs. H. G. Cutty, of Shiloh, and one brother, A. L. Jordan, of Gatesburg, one child having died in infancy. He is also survived by two sisters, Mrs. John Hobbs of Prentice and Mrs. John Osborne of this city.

The funeral services will take place Thursday afternoon at 2:30 o'clock from the Christian church.

Elliott.  
For the second time within two days the angel of death has entered the home of Mr. and Mrs. W. J. Elliott of 1237 South Clay avenue and taken their 6 weeks old twin baby boy, William Robert, who died Tuesday evening at 7:15 o'clock.

Only Tuesday morning the funeral services of the girl twin, Helen Louise, were held and the sudden removing of these little lives from sight has caused a gloom to be cast about the household toward which the sympathy of many friends goes out in unspeakable language.

But God saw fit to remove them to the world above and although they remained for a few brief days on this earth yet it is a comforting thought to know that they are safe in the arms of Jesus.

Funeral services will be held at the Church of Our Savior Wednesday afternoon at 3 o'clock with interment in Calvary cemetery.

### FUNERALS.

#### Ramsey.

The last sad rites over the remains of Mrs. Ellen Ramsey were said in the lecture room of the Congregational church Tuesday afternoon at 4:30 o'clock in the presence of a large number of friends and former students of the deceased, the services being in charge of Dr. F. S. Hayden assisted by Rev. R. O. Post of the Congregational church.

Suitable music was furnished by a quartet composed of Mrs. George T. Hollinger, Miss Ruth Fairbank, Marcus L. Robinson and A. E. Angelo.

Rev. Mr. Post read the scripture lesson followed by Rev. Mr. Hayden who spoke of the old school of thinkers of which Mrs. Ramsey was a member being perhaps the last one of the many who formerly lived here. He spoke feelingly of the quality of mind and excellent characteristics of the departed and how rich her life was in everything which went to make up the perfect life.

There were beautiful floral offerings which was under the care of Miss Georgia Fairbank assisted by others.

After the church services the remains were borne to Diamond Grove cemetery where they were gently laid away to rest. Those who acted as bearers were: J. Allerton Palmer, Harry Havenhill, Marcus L. Robinson and Simon Calky.

Elliott.  
The funeral services of the 6-week-old child, Helen Louise, daughter of Mr. and Mrs. W. J. Elliott, were held Tuesday morning at 11 o'clock from the Church of Our Savior, in charge of Rev. Father O'Brien.

The flowers were in charge of Miss Margaret Rowen. The remains were interred in Calvary cemetery, the bearers being Charles McNamara, Felix McAvoy, Lawrence Hagerty and Thomas Flynn.

### DR. JOSEPH SMITH NEW HEAD FOR

Musical Department of Rount College, Succumbed to Pneumonia—Had Barely Entered Upon His Duties as Local Instructor—Family Here.

Dr. Joseph Smith, the new head of the musical department of Rount college, died at Our Savior's hospital Tuesday evening at 6 o'clock, after a few days' illness of pneumonia, at the age of 45 years.

The passing away of Dr. Smith removes a man of strong personality, prominent in musical circles, both here and in foreign lands, and the possessor of a very brilliant mind.

Dr. Smith was born in Dudley, England, and received his early education at Donny college, France, and later studied in Belgium, receiving his doctor's degree from Trinity college, Dublin, at the age of 22 years. After completing his course he became examiner for the Royal university at Dublin and conductor of the Dublin Musical society. William J. Butler of the Society of Jesus of Dublin, in speaking of his musical ability, says: "He has shown the most signal gifts and has achieved the most astounding successes in all classes and branches of music, both sacred and profane. As director of church choirs, particularly of the more serious forms of the ancient class styles now everywhere received, he figures amongst the foremost of all around musicians of this land."

Dr. Smith was the composer of many masses, which are being sung all over the land, and has written cantatas, as well as being a constant musical contributor to the "Violin," published at Toronto, Canada.

In July, 1905, Dr. Smith came to America with his family and settled at Toronto, Canada, where he taught in the Toronto Conservatory of Music. Rev. Father Crowe had heard of his signal success as a musician through a friend and so plans were brought to maturity whereby his services were secured as head of Rount college in the musical department, and also to take charge of the choir music at the Church of Our Savior.

On his way to Jacksonville he stopped at a hotel in Detroit, where he contracted a heavy cold and since his arrival here on the 6th of this month had been complaining, being taken to the hospital Monday, where he gradually grew worse until the end came, while yet in the strength of manhood. His wife and two sons arrived in the city in time to be at his bedside at the time of his death.

Besides his wife, he is survived by three daughters, Mrs. T. Finglas and Mrs. J. W. Moran, both of England, and Hilda Smith, aged 12 years; also two sons, Osmond and Horace. Two sisters, Countess Alcaide Gallano of Madrid, Spain, and Mrs. Dr. Newton of Newcastle-on-Tyne, England, also survive.

Requiem high mass will be said Thursday morning at 9 o'clock at the Church of Our Savior over the remains, after which they will be interred in Calvary cemetery.

Mrs. Smith and the two sons, Osmond and Horace, and daughter, Hilda, while here, are stopping with Rev. Father Crowe at his residence on East State street, and after the funeral they will return to their former home in England.
